NO. 25

The Most Competent Man

Mr. Claude Thomas, of Paris, Bourbon county, has formally announced himself a candidate for Congressman for our district. This is one man whom every Democrat in Powell county can vote for and have no bad taste in his mouth afterwards. Mr. Thomas is the very anti-thesis of our present Congressman, J. Campbell Cantrill, on the liquor question. Mr. Thomas has been instrumental in putting through every temperance statute which we have in Kentucky; he was an ardent supporter of the county unit bill and was instrumental in having it passed, while Mr. Cantrill opposed it in every way possible. He has always been heartily in favor of the Webb-Kenyon bill, while Mr. Cantrill voted against it. Mr. Thomas has been in touch with the farmers and farming conditions all his life, and if he is elected to Congress he will look after the interests of the farmers of his district, which has been sadly neglected during the administration of the present incumbent, Mr. Cantrill having voted for every tariff question which has been submitted putting farm products on the free list.

Mr. Thomas has always been and is opposed to everything that the saloon represents while his opponent has invariably championed the saloon and whiskey men whenever he has had the opportunity.

Mr. Thomas graduated from Princeton twenty-five years ago; has served in both branches of our State Legislature, and was Consul to Marseilles under Cleveland's administration; he is a farmer and a friend of the farmers and is the most competent man to represent our district, and he is in every way prepared to best look after the interests of the farmer.

There has never been a time during Mr. Thomas' public life that he has in the remotest way been accused of graft. His record is clean and open to every one; he was a member of the General Assembly when W. O. Bradley was elected U. S. Senator over Beckham and he has made several statements concerning the actions of J. Campbell Cantrill, who was also a member of the General Assembly at the time, which have never been denied.

A reader of the Times from Stanton forwarded the article above to this office the day after Mr. Thomas announced for Congress. The writer of this article is not alone in Stanton for Mr. Thomas, but instead, a large majority at the county seat is for him. We still stick to our first venture, Mr. Thomas will get two votes in Powell county for every one Mr. Cantrill gets and we believe he will beat this.

Miss Kitty Hise, of Richmond visited her aunt, Mrs. Wm. Mountz, Sr., here last week.

Andy Hampton, of Indian Fields, visited John Scott this week.

Blames L. & N.

Mr. M. L. Conley, Superintendent of the O. & K. R. R. that runs from Jackson on up to near West Liberty, in Morgan county, was in the city yesterday, and in discussing the extremely high rates for hauling freight over the L. & E. R. R. from this and other points on this line, said his road stood out for the standard rates to the last, claiming they were plenty high enough, but the men in control of the L. & E. forced his road to the higher rates, which are now almost prohibitive for everything but coal and lumber. These two articles take a classification separate and distinct to themselves and were thus not affected.

It was said by one shipper from here that very little notice was given for this raise in rates and that the law which requires an advance in rates over any road to be well advertised was not complied with. If this be true our R. R. Commission should look into the matter, as it is very important to Winchester that they get the benefit of as low rates as possible over this particular road.—Winchester Sun.

Just as the Times predicted. We have done everything in our power to have the laws of the State prohibiting one railroad from acquiring a competing line enforced, but the people have given us very little encouragement, and the Attorney General, whose duty it is to enforce this law, says he will not do so under the present circumstances.

We suggest that the name of Kentucky be taken from our State and substitute instead the Commonwealth of the L. & N.; with Attorney General James Garnett as Chief Counsel.

Powell Farmers Should Attend.

There will be a demonstration of machinery suitable for preparing limestone for agricultural purposes at the Kentucky Experiment Station farm at Lexington during the week beginning Monday, June 22nd. On Thursday, the 25th, and Friday, the 26th of June, prominent speakers will deliver addresses upon soil fertility and the use of lime in agriculture.

The machines which will be demonstrated are portable sizes suitable for the use of individual farmers or small companies. There will be several of the leading types on exhibition, and an opportunity will be given to see the machines in operation, and to form some opinion as to the cost of these machines and their output.

Information in regard to this demonstration and literature on the use of ground limestone may be had free of charge by addressing the Agricultural Experiment Station, Lexington, Ky.

George Roberts, Agronomist, Ky. Agricult'l Experm't Station.

"Go to church Sunday" is a slogan that should be kept up. Judge Mann will occupy the pulpit at the Methodist church both Sunday morning and evening. He should have a crowded house.

A Parting Word from Miss Stamps.

For almost three years, I have lived at the Highland Orphans' Home, giving much of hand and heart, much of my very life-blood to the interests and to the boys and girls of this institution. During this time I have known the joy of having a number of the children come into the Church. I have seen conditions among them improve visibly. I have experienced the keen delight of generous, helpful, sweet interest manifested by numerous friends in different States. Indeed, the work so flourished and I was so happy with this big, loving, affectionate family that I scarcely realized the weight of the burden resting upon me. Yet the time has come when I am anxious that the burden be lifted from my shoulders on to the strong, double shoulders of a good man and wife, and I am hoping we may soon—possibly this week—have a couple to relieve me. Feeling it should be an undertaking indeed to pay a personal good-by call to each of the friends around and about Clay City and Mechanicsville and elsewhere in this vicinity, who have so added to my pleasure as well as to the material welfare of this institution during my life here, I take this opportunity of expressing my appreciation of them and to wait to them a message of loving thought and farewell. I hesitate, indeed, to mention, and yet, under all of the circumstances I hesitate to close without mentioning the fact that upon my return from a recent visit to my old "Home, Sweet Home" in Tennessee, I found that the waters of this institution, for some reason, had become troubled. I knew all tempests were beneath his control, and even now, He hath spoken "Peace, Be Still". Truly, God hath power to reveal what He willeth, to put down that He desireth, in His own way, in His own time.

Good-by, good people,—“God be with you till we meet again” and “Jehovah watch between the children of this Home and me when we are absent one from another.”

Believe me,

Cordially,
Clementina Stamps.

Breaks Down Wagon.

Ray McKinney broke a splendid axle in his wagon this week while passing over the railroad crossing at Virden. He had occasion to pass diagonally over the crossing and the railing was so much higher than the side planks that one hind wheel got turned in the direction of the rail, breaking the axle and twisting the wheel out of shape. The law requires all crossings to have planks on both sides of each rail at least a half inch higher than the rail, but then no law applies to the L. & N.; and we venture the assertion that there are not one-third the crossings in the county that conform to the law.

Shoes for all the family at Williams'.

STANTON NEWS.

Clifton Chaney was in Jackson several days last week on business.

Mr. M. S. Crain, of Jackson, was here over Sunday looking after his interests.

Mr. John Hatton visited his brother, Henry, in Montgomery county last week.

Mr. and Mrs. Saunders, of Middletown, O., are here this week attending Circuit Court.

Mr. William Hardwick was in Louisville last week buying goods and visiting his daughter.

Mrs. Callie Parker, of Cincinnati, is visiting with Mr. Ide Boone's family this week.

Mr. and Mrs. Fred Blackburn are visiting Mrs. Blackburn's parents at Winchester this week.

Mr. and Mrs. Clarence Hadden and children, of Montgomery county, are visiting Mr. D. R. Clark's family this week.

Mr. Ide Boone would appreciate it if any one finding a pair of glasses on the streets would please return them to him.

Mr. Collins, our depot agent, and Mrs. Collins have left for Richmond and Cynthia, where they will visit their relatives.

Mr. and Mrs. Ab Hall, of Mt. Sterling, visited their many friends and Mr. Hall's mother, Mrs. S. D. Hall, this past week.

Misses Lillie and Maude Boone have returned from Hardwick's Creek, where they have been visiting their sister, Mrs. Fred Ware.

Misses Dora and Alice Patrick, of Clay City, visited Miss Ora Watson last week. They all left for Estill county to visit their relatives there.

The household goods of Mr. and Mrs. Salee, new teachers at the College for the coming year, have arrived. They will be here about the first of July.

Mr. Melvin Myers and Miss Ella Lewis, daughter of Polk Lewis of Cane Creek Gap, took out a marriage license to marry Thursday of this week.

Mrs. Hanley's Sunday School class met at her home Tuesday of this week and spent an enjoyable time. Miss Patsy Abner took a picture of the young ladies.

The ice cream supper given by the Ladies' Aid of the Christian church was a great success and brought them in over \$26. They appreciated the patronage of the people.

Teachers' examination on Friday of this week. This examination is for both State and county certificate. The remaining teachers will be employed the first Saturday in July.

A letter was received this week from Miss Esther Broad, of Buffalo, N. Y. She misses everybody in Stanton and longs for the croquet grounds. She will spend a part of the summer at the Chautauqua.

Messrs. Albert Skidmore and

Gother Martin left Saturday for McRoberts to play ball for the McRoberts team. They were defeated. Gother will remain and work as a lineman while Albert returned home Monday.

The writer overlooked an important item handed in to him last week. Mrs. Anna Creed was called to Lexington to attend the funeral of her nephew, Mr. Clarence Salee. After a few days visit there she returned home.

D. R. Clark visited his daughter, Mrs. Irvie Conlee, of Walnut Grove in Fayette county last week. While there he helped to put out a fire in the barn of Obe Chenault near Athens thus saving a \$2,000 building. But for his hard work the barn could not have been saved.

Mr. Ben Sewell, a rising young business man of Jackson, and Miss Anna Hardwick, daughter of Mr. and Mrs. William Hardwick, and one of Stanton's beautiful and accomplished young ladies, were married Wednesday morning of this week and left immediately for a wedding trip.

Rev. L. F. Martin was in town Tuesday of this week to draw up a deed to a home he has bought in Clay City. He has bought the place where Mr. Burrell Akers lives, and will move there the first of the month. He will return to Mexico as soon as the war situation clears up and leave his family here. He has bought one hundred acres of rich land in Mexico.

Everybody in Stanton is commending the editor of the Clay City Times for his position in the race between J. C. Cantrill and Hon. Claude M. Thomas for Congress. The writer took a canvas of the town this week and finds that nearly everybody else is for Thomas. They all say that he is the cleanest man and will run strong in this county. They are against Cantrill because of his being a whiskey man.

Mr. Nick Arthur, of North Bend, had the misfortune to be bitten by a copperhead last week on the hand. It is swollen very much but Dr. Johnson is looking after it. If everybody would keep permanganate of potash on hand for snake bites it might be the means of saving life. It is recognized as the best remedy for snake bites there is. Five cents worth would last for years. As soon as one is bitten he must rub the potash in the bite. Poison counteracts poison. The writer carries this with him on all his trips.

Circuit Court is in session this week. There is a very light docket on hands. The most important case will be that of John Clair for the killing of Bummer Spicer in Breathitt county. It was called for trial on Wednesday morning. Under Judge Batten's ruling we are absolutely unable to do a thing with the man who goes to Winchester or any other town and gets whiskey for any other person. We thought that the law prohibited any person from going to a town and

Again the country people have been sold out and too after the country towns had helped the hardest to fight the battle. The insurance war is over. The rates are to be raised in the country from 10 to 25 per cent., while they will be lowered in the cities 10 per cent. and on tobacco warehouses 15 per cent. This is the wickedest sell-out ever perpetrated upon the common people and it should be resented by them in forever withholding any support of the gentlemen (?) who sanctioned it. The Times has ten times the respect for the insurance companies that it has for the representatives of the State who sold us out. The country people fought the battle, the city people lined up for the insurance companies, and in the settlement the cities get the lower rates and the country people get raised 25%.

Simultaneously with the compromise, Judge Stout, of the Franklin Circuit Court, decided the new insurance law unconstitutional so the provisions of the sell-out could be enforced. What a pity, what a shame on old Kentucky, or rather the Commonwealth of the L. & N. and other corporations for they control the old State completely. The people have not the ghost of a show where these corporations interfere.

J. C. Cantrill, who aspires to represent us again in Congress, is against the people of this country saying whether they want liquor or not. He is opposed to the measure coming before the people in which a fraction over one-fourth of the State Legislature can prevent the amendment to the Federal constitution. Mr. Cantrill knows that if the people have the opportunity they will put liquor out of this country. He doesn't want the people to have a say, though it takes three-fourths majority. He couldn't serve the liquor people if it were out of the land.

Mr. Thomas believes in allowing the people a chance to say whether or not we shall have liquor. He believes in the people ruling. Mr. Cantrill believes in the whiskey people only ruling. Which are you for? The reply comes back in thunderous tones, "Give us Thomas", and we will by a voice of the people.

You Will See It.

We would like to see Hon. Claude Thomas "beat the fillin'" out of Congressman Cantrill in the Seventh. The trouble is that Cantrill has an organization that is about the best in the State,

and the temperance people do not seem to have the nerve to make a determined effort against the odds.—Harrodsburg Leader.

SPOUT SPRING.

Born, Thursday, June 11th to Mr. and Mrs. R. S. Christopher, a son.

Berry Hall and daughter visited relatives at Levee Saturday and Sunday.

We are glad to note that Frank lin Margison has been engaged to teach our school again. Mr. Margison is a good teacher and gives satisfaction to the patrons of the school.

John T. Wright has bought Geo. S. Ware's stock of goods and moved the same to his place of business. This leaves only two stores for Spout Spring. Many people regret the retirement of Mr. Ware from the business world.

Kimbrell.

Jas D. Cottman visited his cousin, Joseph Cottman at Log Lick last Sunday.

The Juniors held memorial services at the grave of Samuel Embs last Sunday morning.

Mr. and Mrs. Owen Patrick have been visiting relatives in Clark county the past week.

Mrs. Kate Shephard, of Richmond, visited her sister, Mrs. J. W. Tuttle the first of the week.

Mr. Morlin Curtis and wife are

visiting Mr. Curtis's father, A. J. Curtis, near Spout Spring this week.

H. K. Blanton will conduct the services at Jackson Chapel next Sunday as the pastor, Rev. W. P. Fryman, will not be present. The baptizing will not take place until next month.

A HOME-MADE PAPER.

THURSDAY, June 18, 1914.

LOCAL BREVITIES.

J. H. Dawson, of Winchester, was in the city Tuesday on business.

Mrs. Luther Loving and children left the last of the week to visit her parents at Bowling Green.

Coleman Portwood, one of Clay City's former splendid citizens, spent a short time in the city the first of the week.

Miss Evaline Batson, of Winchester, is visiting her aunt, Mrs. Wm. Mountz, Sr., and other relatives of this city.

M. C. Wilson, the cattle man, was in our county Thursday of last week and bought another big drove of cattle.

Eld. L. F. Martin has bought of Burrell Akers his splendid property in the east end of town and will move his family here later.

Mr. and Mrs. Owen Patrick, of Kimbrell, visited relatives in the city Thursday and went from here to Winchester where they will visit other relatives.

Mr. and Mrs. R. W. Garrett, and granddaughter, little Eunice Carr, visited Mr. and Mrs. Garrett's daughter, Mrs. George Conlee near Richmond last week.

Automobile accidents were never more numerous than at present. Deaths are resulting every day from these accidents. Sixty were killed outright by autos in this country in the month of May and more than one hundred were badly injured.

Road in Bad Shape.

Since the recent heavy rains the roads in places are much worse from washes on hills. Our attention has been called to a hill about 2½ miles south of this city where in places the road has been washed to solid rock, and many jump-offs are left in the road. Since these rains teams cannot pull near so much over this road as before. There being at least three ties less in loads hauled now and before the wash.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

The ice cream supper at the Christian church Saturday night was a decided success. A nice sum was realized by the good sisters to aid the church expenses.

Frank Russell on the Job.

The Trust Company to which the Day Lumber & Coal Company assigned has appointed Frank B. Russell its agent to wind up the business of the Company. Mr. Russell has been in the city several days recently looking after the affairs here. Mr. Russell is a man well-fitted for the place, and he certainly can get more out of the property, possibly, than any other man.

An Invitation.

The Methodist church of Clay City has been fitted up nicely on the inside and the church is going to have a rally on next Sunday, the 21st, and most cordially invites all the people of every church to come and worship with us and rejoice with us on this occasion. There will be no collection asked for on that day for the repairs are all paid for. We invite the people of Hardwick's Creek, Rosslyn, Spout Spring, Jackson chapel, and every one else to come. There will be no basket dinner, but the good people of Clay City will feed every one on that day that comes to the meeting from out of town.

Coughs and Colds Weaken the System

Continued coughs, colds and bronchial troubles are depressing and weaken the system. Loss of weight and appetite generally follow. Get a 50c bottle of Dr. King's New Discovery today. It will stop your cough. The first dose helps. The best medicine for stubborn coughs, colds and all throat and lung troubles. Mr. O. H. Brown, Muscatine, Ala., writes: "My wife was sick during the hot summer months and I honestly believe Dr. King's New Discovery saved her life." Good for children. 50c and \$1, at your druggist.

Cures Stubborn, Itchy Skin Troubles

"I could scratch myself to pieces" is often heard from sufferers of eczema, tetter, itch and similar skin eruptions. Don't scratch—stop the itching at once with Dr. Hobson's Eczema Ointment. Its first application starts healing; the red, rough scaly, itching skin is soothed by the healing and cooling medicines. Mrs. C. A. Einfeldt, Rock Island, Ill., after using Dr. Hobson's Eczema Ointment, writes: "This is the first time in nine years I have been free from the dreadful ailment." Guaranteed. 50c at your druggist.

Republicans Want a Man.

The Republicans in this Congressional district want a candidate to oppose the Democratic nominee, and Lucien Beckner, of Winchester, is out as a Progressive candidate. Let the boys come forth. If it gives them as much pleasure to run and get so badly defeated this fall as it does us, they certainly can get some fun out of the race.

Always Lead to Better Health.

Serious sicknesses start in disorders of the stomach, liver and kidneys. The best corrective and preventive is Dr. King's New Life Pills. They purify the blood—prevent constipation, keep liver, kidneys and bowels in healthy condition. Give you better health by ridding the system of fermenting and gassy foods. Effective and mild. 25c at your druggist.

Farm Drain Tile

Make Your Wet Land Productive. By the use of drain tile you can turn that low, wet, useless, swampy field into the most productive spot on your farm. Good tile, properly placed, not only carries off surplus water, it admits air to the soil and makes it easy to work. It improves any soil. The increase in the value of the land is many times the cost of the tile. The first year's crop from tiled land pays for it. Any body can do the work successfully. Write for particulars or call at our plant.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.
